

Materials, Supplies, Equipment Worksheet

Step 1: Review your exhibit drawing and make a list of the artifacts, images, and objects in your display. Also list all the other materials that you will need to create your display, such as batteries, hinges, buzzers, and shirt boxes.

Step 2: Make a list of all the supplies that you will need to create your exhibit, such as card stock, butcher paper, double-sided tape, adhesive spray, scissors, rulers, etc.

Step 3: Make a list of the equipment you will need to create your exhibit such as a projector, monitor, computer, etc.

Exhibit: _____
